FARM BUREAU SELECTS DELEGATE

WILL ATTEND STATE FEDERATION MEETING APRIL 28-29.

TO ADOPT ROAD POLICY

Emmett Bishop Chosen From Nodaway —Wants Money Divided for Permanent Improvements.

At a meeting of the executive committee of the Nodaway County Farm Bureau Saturday afternoon, Emmett Bishop of Ravenwood was named a delegate from the Nodaway county farm bureau to the state farm bureau federation road meeting in Jefferson City April 28-29. It so happens that at a county meeting Tuesday afternoon Mr. Bishop was named chairman of the county committee, which is to assist Dr. Jesse Miller in a road program for Nodaway county. As delegate to the state farm bureau meeting he will gain a great deal of information, which will be of value in his work in Nodaway county and in assisting Doctor Miller.

The executive committee of the state federation of farm bureaus at a meeting April 8 sent out a call to all farm bureau counties to send representatives to a state meeting in Jefferson City.

At the executive committee meeting Saturday afternoon it was the sentiment of the committee that the $60,000,000 bond issue be divided among the counties so that each would receive a portion. The delegation from Nodaway county was instructed to stand for division of the money so that the portion in each county could be used for permanent bridges, culverts, widening the roads and making a permanent road bed, which some day can be used in making hard surfaced roads.

The Nodaway county delegate will urge all the farm bureau delegates to take this stand and make it the policy of the state federation of farm bureaus. The state federation of farm bureaus at this meeting will formulate a definite policy with which it will go before the legislature, which is to take up road legislation. If Mr. Bishop is unable to have this policy adopted he will urge that the next best one be adoped. It is thought that the sentiments of the committee, which met Saturday afternoon is the sentiment of many in Nodaway county. Mr. Bishop is hopeful that the other farm bureau delegates will agree with Nodaway county.

FIVE CENT LOAF BREAD HAS RETURNED AT LAST

F. P. Reuillard Announces that He Will Have it for Sale From Now On

The five cent loaf of bread has returned. For lo, these many months housekeepers have sighed for the pre-war time loaf of bread with all of its excellencies for only a few pence but it has delayed its return until this day, April 25. F. P. Reuillard announces that he will have the five cent loaf on sale at his bake shop. The five cent loaf is to be the butter-nut loaf unwrapped, while the one wrapped in oil paper is to be 10 cents. The pullman bread is to be 10 cents, the Vienna 10 cents, the graham 10 cents, whole wheat 10 cents, rye 10 cents, while buns will be 12 cents a dozen.

TO ENGAGE 7 EVANGELISTIC TEAMS

TO HOLD MEETINGS AT CHRISTIAN CHURCHES IN OCTOBER

PLAN CAMPAIGN SUNDAY

40 Pastors and Laymen Attend Meeting Yesterday Afternoon—Committee Appointed

At the county meeting of delegates and pastors from the Christian churches held Sunday afternoon at the First Christian church to plan for the county-wide evangelistic campaign in the fall it was decided to hold meetings simultaneously in the seven towns: Hopkins, Pickering, Barnard, Skidmore, Burlington Junction, Maryville and Ravenwood in October. Seven of the best evangelistic teams in this part of the country will be engaged to carry on these meetings, which are scheduled for October and September. Local forces will hold evangelistic meetings at the 12 other Christian Churches in the country in September. About 40 persons attended the meeting Sunday afternoon and took part in the discussion and plans for the campaign. Work is to begin immediately. The membership of the churches are to be thoroughly organized and the financial support assured before the meetings open.

A committee composed of the following met this morning for further planning: W. A. Chapman, Pickering; B. Gillispie, Hopkins, D. B. Warren, Burlington Junction; William Conlin Salem church; R. E. Snodgrass, Maryville.

This evangelistic campaign is part of the program, which the Christian Church has planned for several years to extend the activities and spirituality of the church as a whole. In the county wide meeting it is thought that all of the churches will be helped. The spirituality will be increased as well as the membership.

REFERENDUM PLAN CALLED FOOLISH

AUDRAIN AND CLINTON COUNTIES REFUSED TAKE ACTION.

WHAT ONE PAPER SAYS

Kelley Pool's Paper Brands Move of Democrats as Unwise and Very Expensive.

Jefferson City, Mo., April 25.—The Centralia Courier, a Democratic newspaper published at Centralia, Boone county, by J. Kelly Pool, a Democratic member of the State Prison Board, and Roscoe Pool, his son, in its current issue assails as politically foolish and expensive to the taxpayers the referendum movement launched by the Democratic State Committee, Jim Bradshaw, Warehouse Commissioner at $4500 a year, and other Democratic office-holders, to tie up Gov. Hyde's consolidation measures.

Kelly Pool is widely known in Missouri. He was a candidate for Secretary of State in 1916 but was defeated for the nomination by a narrow plurality by John L. Sullivan. Gov. Gardner appointed him as one of the two Democratic members on the Prison Board, which position he has since held. Pool was secretary to the State Capitol Commission which built the new State Capitol.

Opposition Spreading.

Opposition to the proposed referendum movement is spreading among the Democrats of Missouri. W. R. Taylor of Fulton, a member of the Democratic State Committee, has announced that as a member of the Callaway County Democratic organization he would have nothing to do with the referendum proposition. Democratic officials, among them Omar D. Gray, State Oil Inspector, and William H. Lewis, State Labor Commissioner, are known to regard the whole referendum business as bad politics for the Democrats.

The Centralia Courier's assault upon the Referendum Campaign follows:

"Recently a conference of Democrats at St. Louis decided to suspend Governor Hyde's administration measures via the referendum. It remains to be seen whether or not this is good government. This conferene ostensibly invoke the referendum because, it is alleged that the measures place too much power in the hands of the executive, and that they are extravagantly expensive propositions. The Republicans deny both allegations, and claim that the referendum is but the cloak used for the purpose of keeping Democrats in office. It remains to be seen where the truth lies, and upon the showing made the voters will determine. 'To the victor belongs the spoils,' is Democratic doctrine as old as Andrew Jackson. It would appear strange to see Democrats invoking the referendum to nullify the ukase of the great opponent of nullification. Besides it does not seem just right for a new Governor to be surounded by his political enemies until all the constructive period of his administration is over. It would appear that he was entitled to have his friends serve with him, not after he was down and out. And the consolidation of departments with the end of abolishing useless jobs and making the government more responsive and efficient is not a dangerous innovation, but a most commendable idea, rather. If the measures, as alleged, make this a one man government and cost an enormous sum of money then justification for the referendum may be shown. In the forum of public opinion the question of who is right and who is wrong is to be settled.

Drifting on Breakers.

"Should the referendum be invoked

COLLEGE TRACK TEAM FAILED TO PLACE

Exceptionally Strong Competition at Meet Held in Des Moines Saturday.

Coach Rice and the college relay team, composed of Williams, Kirby, Webb, Steiger and Runyan, returned yesterday from Des Moines, where the team was entered in the Drake Relay Carnival, which was held Saturday. The local team failed to place in the meet, as there were exceptionally strong competition and they played in hard luck by getting the outside track on the draw. Wabash College won the half mile relay in the college class, and Cornell won the mile and two mile relay. Practically all of the Missouri Valley colleges and universities were entered in the meet, as well as several universities from "The Big Ten."

NO ACTION TAKEN BY THE COMMITTEE

RELATIVE TO CIRCULATION OF REFERENDUM PETITIONS.

THOUGHT IT WAS UNWISE

Several Members of Democratic Committee Did not Approve of This Move—Others Will Take it up.

At a meeting of the Democratic county committee held Saturday afternoon, no action was taken relative to the circulation of petitions invoking the referendum on several bills passed by the last legislature. These bills were picked out by the Democratic State Committee at a recent meeting and that committee suggested that each county committee should be called for the purpose of making plans for the distribution and circulation of these petitions for signatures.

While there were only six members of the committee in attendance at the meeting Saturday, nearly everyone expressed the opinion that the referendum move of the Democrats was unwise. Many of them said that some of the proposed measures for referendum were bad, especially the judicial bill, but if the party took the matter up before the people it would only be considered as a political matter instead of pertaining to the welfare of the people and state.

Since the meeting of the committee, several Democrats have expressed themselves in favor of going ahead with getting signatures to these petitions and it is thought that they will be circulated in this county.

A dispatch printed in Saturday's papers from Jefferson City stated that the Governor has been advised that the provision of the judicial bill pertaining to appointment of one of two circuit judges who are thrown into the same district is unconstitutional, but he says it is his intention to observe its spirit anyway, if the law becomes operative June 21.

The Republicans have a plan of their own, should it become apparent that the Democrats will succeed in obtaining the necessary signatures to their petitions to suspend the laws in question. The laws attacked can be repealed at the extra session of the legislature, and in that event the petitions now being circulated would become worthless, and an entirely new set would have to be circulated if the measures are to be suspended.

It is said Governor Hyde has delayed calling the special session so as the legislature will be in session on June 21, the date these laws become operative.

The publicity department of the Republican state committee in a statement Saturday says the act rearranging the judicial circuits can be divided into thirty-four bills, and that by dividing the agricultural, public welfare, and budget bills it will be possible to enact by the lock system at least fifty measures covering the subjects in question.

PLAN MOTHERS AND DAUGHTERS WEEK

WILL BE CELEBRATED FROM MAY 1 TO 8 IN COUNTY

BANQUET ON PROGRAM

Boys Council To Serve Dinner Some Places—At Baptist Church in Maryville

The Older Boys and Girls of the Nodaway County Sunday School Association are to be in charge of the Mothers and Daughters Week from May 1 to May 8, and in many places in the County a Banquet will be given to the Mothers and Daughters by the Council Boys.

The Daughters are to be between the ages of 12 and 22 years and Mothers may take any girl between these ages providing she has none of her own. The Polk Township or 9 District Officers, Mr. Orville Suetterlin Pres., Evelyn Raines, vice-president; Lavetta Epperson, Secretary, Townsend Godsey, Treasurer and the Boys and Girls of the County Council will hold a Mothers and Daughters Banquet in the Main Street M. E. church Thursday evening, May 5 at 6:30 p. m. in Maryville.

The boys of the five churches of Maryville are asking the fathers and sons to donate in order that they can give our Mothers and Daughters a good banquet.

The tickets to the Banquet will be 50 cents per person and any money left after all expenses are paid will be divided between the County Council and the Ninth District council to help them carry on their work this year.

This plan was used last year and the Banquet held in the Baptist church was a great success and it is thought that this year it will be even more successful.

There will be places for 200 to 250 and mothers and daughters that are planing to attend should report to the Superintendant of their Sunday school at once, that he may reserve a place for them.

FREDERICK BLACK AND WIFE ARE ARRESTED AFTER WEDDING

With Seventeen Others Are Suspected Of Homicide—Free For All Fight Staged.

New York April 25.—Frederick Black and his wife, who were married last night are today being held by the police charged with homicide. Seventeen other guests are being held, also. The body of an unidentified man with a bullet hole through his temple was found in the Black apartment when the police called. Another man badly beaten and unconcious was discovered. The neighbors told the police that a free for all fight had been staged.

SECRETARIES HONOR GEORGE PICKENS

ELECTED VICE-PRESIDENT OF ASSOCIATION AT MEETING

C. OF C. FILM SHOWN

Receives Favorable Comment From Those Gathered At Columbia For Annual Meeting.

George A. Pickens, secretary of the Maryville Chamber of Commerce, was elected vice-president of the Missouri Commercial Secretaries association at their annual meeting in Columbia last week. H. A. Scheidker of Hannibal was elected president and George W. Catts of Kansas City, secretary.

Mr. Pickens received many comments on the moving pictures of the Chamber of Commerce. The Columbia Evening Missourian in speaking of it had the following:

George A. Pickens, secretary of the Maryville Chamber of Commerce, is credited with having been the first person to conceive and carry out the idea of presenting the annual report of a chamber of commerce in motion pictures. Mr. Pickens has been secretary and treasurer for the past two years of the Missouri Commercial Secretaries' Association, which closed a two-day convention today.

Mr. Pickens' annual report in motion pictures was shown at the annual dinner of the state association in the dining room of the Daniel Boone Tavern last night, and the picture received a great deal of favorable comment from the visiting secretaries of the commercial organizations of the state.

"The meeting at Columbia was one of the best I ever attended," said George Pickens, secretary of the Chamber of Commerce, who returned yesterday from the annual meeting." There were 50 present and we have 64 members. There would have been others but several, who had expected to attend were detained at the last minute. Brown, who was on his way home from California was delighted with the meeting. It was strictly business from start to finish. Brown made an address Friday night and the Maryville Chamber of Commerce films as well as some from Kansas City were shown. The Christian College girls entertained with songs at the banquet. The visitors were taken for an auto ride around Columbia Saturday afternoon and out to the basball game between Ames and Columbia."

SAYS REFERENDUM WELL CONSIDERED

COMMITTEE DIRECTING MOVEMENT ISSUED STATEMENT.

SEVERAL CHARGES MADE

New Assessments Primarily Made to Secure More Revenue to Sustain New Plan.

Special to Democrat-Forum:

Jefferson City, April 25.—The referendum committee of the Democratic state committee through W. R. Hollister, who is acting as director of the movement, in conjunction with Chairman Yancey and Secretary Fisher of the state committee, today authorized the following statement:

Referendum Well Considered.

"The proposed referendum upon certain enactments of the last legislative session is not designated for the mere purpose of saving the "jobs" of any Democratic official contrary to the repeated and persistent mis-statements of advocates of these bills, who do not appear to be willing to enter upon a public discussion of these measures in detail. Neither does it originate with officials affected, directly or indirectly, by the legislation but is the result of weeks of consideration; first, by a special committee of Democratic senators and of members of the legislature; next, by the two general conferences in which representatives of state and county organizations, members of the legislature and active Democratic leaders took part. The decision to invoke the referendum upon the bills was reached after mature deliberation covering a period of several weeks. There is nothing hasty, nothing inconsiderated about it.

This Is First Step.

"It is proposed that this referendum shall be the first step on the part of the Democratic party of Missouri in a campaign to restore a state government that is regardful of the state's constitution, as well, as to re-establishing an economic administration and to prevent in the future inordinate increases of taxation with inequitable raises in property assessments altogether beyond the needs of the state.

Detailed Discussion Invited.

"Detailed discussion of these bills is invited by the proponments of the referendum with a close analysis of their act and all provisions, and a careful inquiry into the taxation and assessment questions which are inseparately involved in the referendum program, rather than to swallow generalizations and the misleading statements offered by some Republican officials who favor this program of centralized government with extra expenditures, such as those characterizing the addresses of Governor Hyde and Lieut. Gov. Lloyd at Kansas City last week.

Charges not Contradicted.

"It has been charged and not successfully contradicted that the new assessments have been made primarily for the object of securing revenue wherewith to sustain the new plan of state government with immense increases in cost rather than equalization and proportionate levies and economy in administration.

"It has been shown that the cost of the bureaus affected by the consolidation scheme during the last two years was about $1,400,000 and that the activities of the same bureau when embodied in the new plan, if it should become effective, will cost aproximately $2,400,000 for the next two years.

Propose To Fight

"We propose to fight any plan to make effective such million dollar increases not only for the next bien-

LARGEST CIRCULATION IN NODAWAY COUNTY

PLACES MISSOURI IN MEDICAL MIRE.

Governor's Hyde's approval of the "Medical bill" is a "roorback" from several angles. It is regrettable on the general ground that it is a backward step in education. It is not pleasant, nor is it profitable in any sense, for Missouri to be dropped down to the foot of the column of states as being even lower in the scale of educational requirements for medical and surgical practitioners than Wyoming, which has long enjoyed the dubious distinction of occupying that place. Aside from considerations of that character there is daily cumulation of evidence that the Governor failed to realize what he was going up against when he threw down the gauntlet and defied the medical fraternity of this state.

Next to a woman scorned there is no more dangerous factor in our entire scheme of civilization to monkey with than an outraged and insulted medical fraternity. The same iron will and inflexibility of purpose that will carry a student through years of study, and is a majority of cases, self-denial and privation, to acquire professional attainment, will take him a long way on the road to "even up" in the end, so that the politician who gets the Doctors on his "back" will realize that he has been in a fight. One direct result of approval of the bill to force recognition of inadequate Medical Colleges in this state, will be an enemy and an active one, for the Hyde administration wherever a competent physicians is found.

But the worst feature of the effect of the act will be the flocking to Missouri of the "quacks" and the under trained and incompetents who cannot find a field of operation in other states where the requirements are as they were in Missouri, before the approval of this iniquitous law.

Of course a great majority of the people of Missouri are not caring very much just now what may befall the political fortunes of Governor Hyde, and they recognize that a large sized spike for his official coffin was forged when he signed the Medical College bill, but they do deplore and resent actions, official and otherwise, that detract from the dignity and good repute of the state.

Not the least of the evils that will follow in the era of quackery that is invited by this act will be the loss to Missouri not only of the best of her own sons who study medicine and equip themselves for practice but the best of the young medical students of other states will avoid coming here because of the low standard of requirements fixed.

In reality the era of the quack seems to be at hand. As the St. Louis Post-Dispatch aptly observed the other day in commenting on the new law, "All that's needed now to make Missouri a perfect quackery heaven is a well appointed Board of Medical Examiners. Will the Governor oblige?"

It will be very interesting indeed to watch developments during the next few years, political as well as medical, in Missouri and observe some things that will happen to Governor Hyde as a direct result of his approval of the lowering of the standard of medical educational requirement. It is a safe prediction to say that what the Doctors will do to him every time they get a chance will be a plenty.—Missouri State Journal.

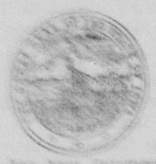
The Story of Our States

By JONATHAN BRACE

XXIX.—IOWA



THE State of Iowa was originally occupied by the Iowa Indians. The actual meaning of the word has been interpreted in several ways. Some say it means "beautiful land," but the more likely derivation is the Algonquin word "ayuxa" which means "across" or "beyond." This was probably applied to this tribe of Indians by the Illinois tribes who were hostile to them, and resided on the eastern side of the Mississippi river. The early white visitors to this region included Marquette and Joliet, who landed here on their explorations of the Mississippi in 1673.

The first settlement was made by a French Canadian named Julien Dubuque. He obtained in 1788 a large grant of land from the Indians, where the city which was named after him now stands. Here he flourished, mining lead and trading with the Indians, until his death in 1810, when this settlement was given up.

After the acquisition of the Louisiana Purchase in 1803, Iowa, which was a part of this huge territory, came into the hands of the United States from France. At first Iowa was a part of the Louisiana territory, then of Missouri territory. Later it formed a portion of Michigan territory and then of Wisconsin territory. In 1838, however, it attained a distinct individuality when it was formed into the Iowa territory.

Pioneers soon came in large numbers and about 1832 a substantial settlement was made near Burlington, and Dubuque was founded in 1833. The population grew so rapidly that in 1846 Iowa was admitted as the twenty-ninth state of the Union. Its area is 56,147 square miles and it has thirteen presidential electoral votes.

Iowa is familiarly called the Hawkeye State.

PLAN CALLED FOOLISH

(Continued from Page One.)

to nullify the voice of the people and suspend representative government? If a political party goes before the voters of a state on a platform of issues and is indorsed by an overwhelming majority at the polls, is it right and fair and just to suspend the verdict of the people via the referendum? And where is this matter of the referendum to end? If the minority party suspends all the important administration measures of the majority party, will not the practice effectually block the machinery of government? If we are to have a government by the referendum, why not abolish the legislature and let the vox populi initiate all laws and decide at the polls all questions and policies of the state? Is not a political party given control of the state government entitled to have its measures given a fair trial? The people have entrusted them with power, should they not be given an opportunity to exercise that power? Is it right in a government where the majority rule, for a small per cent of the minority party to suspend the rule of the majority? Are we not drifting upon the breakers in this referendum sea? Would it not be well to stop and take our bearings before going farther? This is a serious matter, and these are serious questions which every intelligent person would do well to stop and consider very thoughtfully and carefully.

Expensive Fads.

"The initiative and referendum are a couple of very expensive fads. They have cost the people of Missouri more than $1,000,000 and have brought little, if any, benefit to the state. To hold up the administrative measures under contemplation will cost the taxpayers some $200,000. Can the already overtaxed people afford the luxury? Is the issue worth the price? Are the Democrats justified in saddling this expense upon the public crib? Would it not be better to try out the administration measures for a couple of years, and if they are bad, repeal them in the usual and regular legislaitve way? If they increase governmental efficiency and lessen the expense of operation, no good citizen will want them repealed. Times are hard and revenue comes from the pockets of the taxpayers, and in our judgment we should think soberly before indulging in a referendum luxury that comes so extravagantly high.

Better to Sit Still in Boat

"And is it good party policy to muddy the political waters at this time with a referendum issue of this kind? Would it not be better to sit still in the boat and let the Republicans have their 'fling'—a fair chance and a square deal—and call them to account at the off-year election of 1922? If there not danger of the whole referendum issue developing into a squabble over who shall hold the offices for a couple of years longer? Mr. Bradshaw very frankly states that he is invoking the referendum because he wants to hold on to his job, and is there not a strong probability that this will be the pivot around which the campaign will revolve? Can the Democratic party afford to jeopardize success by engaging in such a questionable campaign? Before us is a letter from a Kansas City Democrat, who always votes the ticket straight, in which he says that if his party isn't big enough to give the winner a fair show for his white ally that he will go fishing for his first time on election day. Are the Democrats not split into enough fractions now without creating any more? Would we not do well to conserve our energy, get together and go into the 1922 campaign a United party? Why risk spoiling our chance for victory? Have we not pulled enough bonehead plays without giving the Republicans a club to crack our heads with at this time? Democrats should think twice before falling for the referendum issue. Looks to us very much like it was loaded. It is said that 'fools rush in where angels fear to tread,' but it does not follow that Democratic party of Missouri should do likewise."

Voted Down in Adrain County

Mexico, April 25.—The Audrian County Democratis Committee meeting here Saturday at the call of the State Committee, unanimously agreed not to circulate petitions for referring a number of the bills passed by the recent Legislature.

Clinton, April 25—The Henry County Democratic committee met Saturday. The meeting was attended by Democratic leaders of the county and it was the unanimous opinion that a referendum on any of the bills of the last legislature would be inadvisable and that the Democratic committee would not assist in the circulation of the referendum petitions in this county.

Cole County For Referendum.

Jefferson City, April 25.—The Cole County Democratic Committee, over the vigorous opposition of the Chairman W. A. Curtis and three other members, today indorsed the action of the Democratic State Committee in invoking the referendum on Gov. Hyde's consolidation measures and the judicial redistricting bill passed by the recent Legislature.

"I oppose the referendum because the Republicans, by a plurality of over 150,000, were commissioned to conduct the state government," Curtis said.

"I do not believe that the per cent of a minority should attempt to set aside the will of a majority of the voters. Besides, it is poor politics and can result only in injury to the Democratic party.

"If the bills are bad as charged then it would be good politics to let them go into effect. Then we could defeat the Republicans on that issue."

The committee voted to circulate referendum petitions.

GOOD ROADS COMMITTEE HOLD MEETING SATURDAY NIGHT

Decided to Ask Each Township Board for $50 Expense Money—Has No Policy.

The committee appointed at the good roads meeting held last Tuesday at the court house and composed of Emmett Bishop of Ravenwood as chairman, Carl Wray of Guilford, R. M. Evans and A. B. Dowden of Maryville, W. W. Alexander of Hopkins, met Saturday night for the purpose of discussing plans as to raising some necessary funds. It was decided that the committee would call on each township board for $50. This money will be used for necessary expenses such as members of the committee attending meetings at Jefferson City.

This committee is not for any plan or policy. Its purpose is to assist Representative Jesse Miller and Senator LaFavor in getting good roads legislation.

Clifford Hull arrived home yesterday morning from Columbia, Mo., where he has been attending Missouri University.

BOARD CAN REDUCE SCHOOL LEVY VOTED

Board of Education May Go Under Vote of People, Attorney General Barrett Rules.

Jefferson City April 25.—Attorney General Barrett today ruled in an official opinion that in cases where the school levy made obligatory by law has been increased by a vote of the people such increase may be reduced by the board of education to meet the needs of the schools. A great many school districts over the state, particularly in the cities, voted increased levies this month. In numerous instances, the heavy increase made by the state board of equalization in land and personal property valuation would render the collection of the increased school taxes voted unnecessary to meet the needs of the school.

The case in point was the increased school levy voted in St. Louis, but many other cities over the state are in the same school levy class with St. Louis. On this point the attorney general says:

"The rate authorized by the voters is not a fixed rate, which is irrevocable and must necessarily be levied, but is merely a maximum beyond which the school board cannot go. Within the limit voted, the school board may certify in its estimate any lesser rate which will produce the amount of funds necessary to maintain the schools. For forty years without challange, school boards have exercised this right. This administrative construction alone for so long a period is strongly indicative of the correct interpretation of the law."

A marriage license was issued Saturday to Charles Ed Walton of Maryville and Dollie May Hughbanks of Quitman.

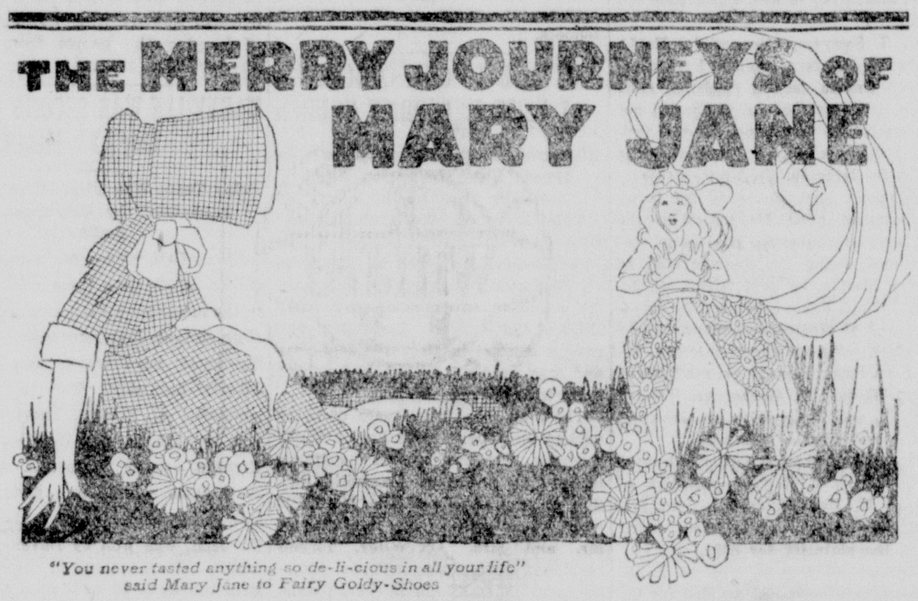
THE MERRY JOURNEYS OF MARY JANE



"You never tasted anything so de-li-cious in all your life" said Mary Jane to Fairy Goldy-Shoes

Mary Jane and Fairy Goldy-Shoes

ONE day Mary Jane met Fairy Goldy-Shoes beside the pond in the woods. Goldy-Shoes was sitting on the bank, thinking about what she wanted for supper.

Fairies, you know, can have all the good things they want. And, quick as a wink, whatever they are thinking about is right alongside of them.

Well, Mary Jane said, "Fairy Goldy-Shoes, while you are wishing for things, why don't you wish for a great big can of Mary Jane Syrup? You never tasted anything so de-li-cious in all your life."

Fairy Goldy-Shoes put her thumbs together and wished. And there, right alongside of her, was a great big can of Mary Jane Syrup.

Mary Jane ran right home and brought back two slices of bread. She spread one for herself and one for Goldy-Shoes. Goldy-Shoes said that even fairies, who can have all the nicest things in the world, never had anything as good.

And so now, whenever the fairies have a feast, always, right in the middle of the table, they have a big can of Mary Jane Syrup.

That's one reason fairies are always so happy and healthy. And little boys and girls can be just as happy and healthy as any fairy, if only their mammas will always keep a pitcher of Mary Jane Syrup on the table, and let them help themselves whenever they want it.

It's just as good for grown ups, too, on waffles, pancakes and for all syrup purposes.

FREDE GIVEN $1,000 FINE AND YEAR IN JAIL

H. H. Frede entered a plea of guilty to the charge of issuing a false and bogus check in circuit court this afternoon and was given a sentence of one year in the county jail and a fine of $1,000. The specific charge a gainst Frede was for issuing a check for $2 to Montgomery-Cummins Clothing store which was no good. Prosecuting Attorney McCaffrey stated other checks had been given by Frede to merchants here, amounting to $50, which were not good.

W. G. Sawyers, attorney for Frede, made a plea for leniency but stated Ferede was in such a condition from drinking liquor that he really did not know what he was doing. It was intimated that probably a parole would be asked for later on.

The petit jury summoned for today was excused until Wednesday as the jury case scheduled for trial today was continued, being the damage case of Evelyn Martin, by next friend, vs. Joseph J. Enis, being continued by agreement and at cost of defendant. There are three cases set for Wednesday, being Iowa Stock Remedy Co. vs. Edward Allen, William H. Walker vs. Howard B. Beck, and J. O. Riley vs. John W. Barber and Charles Williams.

The case of Shull & Chipps Abstract Co. vs. Ezra T. Reisner, guardian of Charles N. Hassler, appeal from probate, was settled, a judgment being given the plaintiff for $300.

The case of Diss & Irby vs. B. R. Kinsley, on a note, was decided for the plaintiff for $113.10 at 8 per cent with attorneys fees of $18.80.

DEMOLAY CHAPTER WILL ELECT OFFICERS TONIGHT

Plans For Installation to Be Made Also At K. P. Hall

De Molay Chapter will meet tonight at the K. P. Hall to elect officers for the year and complete plans for the installation of officers, which likely will be a public affair. The order was instituted at a meeting Wednesday night at the Masonic Hall when fully 100 masons were present to see the work. There were 50 charter members of the organization, who reported. All are sons of masons or chums of masons' sons. Boys from out in the county are eligible to join this chapter in this part of Missouri. Large chapters have been formed in Kansas City and St. Louis.

CHILDREN'S WEEK PROGRAM COMING OFF AS PLANNED

Sermons On Suggested Subjects Preached In Some County Churches.

The children's week program is coming off as planned, according to those in charge. Sermons were preached in many of the churches of the county on subjects relating to children. The Wednesday night meetings will be given over to this subject in a measure, while parties have been planned for the little tots. A picture show "Anne of Green Gables" will be shown at the First Christian church Saturday afternoon while a story hour and song festival will be given at the First Methodist Church Sunday afternoon. Mrs. L. E. White is chairman of the children's work for the county, while Mrs. Ellis Cook is chairman for this district. Mrs. White is working with her district chairman to arrange programs for each of the Sunday schools.

GLEE CLUB TO GIVE CONCERT AT FIRST METHODIST CHURCH

Missouri-Wesleyan Organization To Appear Here Wednesday Night —Reader Miss Lucile Wiley.

The Missouri Wesleyan College Glee club will give a concert at the First Methodist church in Maryville on Wednesday night, May 11, under the auspices of the Wesleyan Bible class of that church. The Gleen club gave a concert in Maryville last year and was credited with being a high class musical organization.

The club gives a program of much variety and "pep," Miss Lucile Wiley a reader, who travels with the organization, is a former Maryville girl. She is a graduate of the Maryville high school and is the daughter of Mr. and Mrs. Art Wiley, former residents of the Myrtle Tree neighborhood. Miss Hulda Barber, pianist and accompanist lives at Burlington Junction. A member of the Glee club is Ermine Miller of Skidmore.

In regard to a recent concert given by the Glee club, one of the Cameron papers says:

The program furnished a happy variety and there wasn't a dull moment throughout. Solos by Messrs Kenneth Crawford, Harry Thomas, and Luther Swift; a duet by Messrs Sharp and Thomas; several numbers by the M. W. C. Quartet, prime favorites with a Cameron audience, and also a second quartet, combined to furnish a program of variety.

Assisting the Club were Miss Hulda Barber, pianist and accompanist, and Miss Lucile Wiley reader. As a pianist Miss Barber is an artist, and her selections were faultlessly rendered. As a reader, Miss Wiley becomes immediately a favorite with her audience. Both young ladies were heartily encored."

REHEARSALS ARE BEING HELD FOR "QUALITY STREET."

Rehearsals are being held frequently now for "Quality Street," which will be given at the college auditorium April 28, under the direction of Miss Blanche Dow, instructor in dramatics and French. The costumes will be attractive and add much to the speaking parts of the play. This is the first time that a Barrie production has been given here.

Funeral services for Oley Roney, who died Saturday at Tarkio were held at 2 o'clock this afternoon at the home of a cousin, W. W. Jones, at Burlington Junction. The services were conducted by Rev. D. F. Jones of Tarkio. Burial was in the Ohio cemetery. Mr. Roney formerly lived at Burlington Junction. He is survived by a brother, O. P. Roney of Tarkio. Jesse Jones and Arch Jones both of Burlington Junction are cousins of Mr. Roney.

William Pride was arrested Saturday on a charge of picketing a horse and was fined, the fine and costs amounting to $7.65. It is said Pride had his horse tied to a telephone post with a rope about forty feet in length

SAYS REFERENDUM WELL CONSIDERED

nial period but for all the time to follow. We have charged that the new assessments will cost the people an average of fifty per cent more in state taxes alone and that they have been adopted with a view to supporting wasteful administration with intolerable centralization of authority in the executive. And these changes have not been refuted but have been passed over lightly by flippant responses that do not meet the issue.

"The judicial gerrymander and the bills affecting the Jackson County Courts have been included because we contend that they violate the fundamental principles of representative government in that they seek by legislative act to substitute for judicial officers elected by the people with fixed tenures that have not expired, persons to be appointed by the governor.

Defense Airy

There has been no defense of these bills except in a rather airy fashion by a minor official of the Republican state organization. The suggestion of this official that the special session would reenact these bills if the referendum is invoked and divide them into dozens of different bills so as to ble is simply childish and unworthy make further referendum impracticaof second thought. It can only be entertained upon assumption that governor and legislature would be willing to enter upon the business of pop-gun legislation designed to be interposed between the general assembly and a popular review of their works, rejecting to a decision by the people.

"If these bills are not wholly indefensible why should there be such extreme anxiety over devising ways of keeping the people from voting directly upon them?"

MARYVILLE WAS SECOND AT LIBERTY TRACK MEET

Relay Team Won First Place and 440 Yard Dash by Davenport and Smith.

Three first places for a total of 15 points, which gave them second place in the meet, were the laurels the local High School boys returned with from the track meet which was held at Liberty Saturday. The relay team, composed of French, Barry, Davenport and Smith, won first place with Trenton coming in second. The 440 yard dash, which was divided into two races and separate medals given for each, was won by Davenport and Smith. Winning both of theses races gave the team 10 additional points.

Bosworth won the meet with a total of 31 points. Chauncey Simpson, brother of the world famous, "Bob" Simpson, who made his start at the Maryville track meet, was individual point winner and chiefly responsible for Bosworth winning the cup. Maryville was second with 15 points. Carrollton was third with 12 points and Harrisonville fourth with 11 points. Those who saw the meet say it was one of the fastest meets held in North Missouri for some time. Four records were broken at the meet. New time was set for the 100 and 220 yard dashes and 120 and 220 yard hurdles.

ACCOMPANIED TRACK TEAM TO LIBERTY SATURDAY

Floyd Foreman, Eugene DeArmond John Price, Frank Roelofson, Russel Allan, Paul Farmer, Harry Carstens, Reed McJimsey, Leonard Gray, Creston Maul, Forrest Froman, Marion Gile, William Mapel and Foster Wallace accompanied the Maryville high school track team to Liberty, Mo., Saturday.

PAPERS OF EIGHTH GRADE CHILDEN BEING EXAMINED

All the papers of the eighth grade children in Nodaway county, who took the examination Friday and Saturday will be graded at the county superintendent's office this week. Misfit Tubes

NUMBER **3**

Ordinary tubes are simply straight pieces of tubing which must be forced by inflation into the ring-shape of the casing.

This results in wrinkles which in turn lead to pinched and torn tubes.

Michelin Tubes, on the other hand, are made ring-shaped like the inside of the casing itself, and hence fit perfectly without wrinkling or stretching. Naturally Michelin Tubes last longer. Let us show you the difference in shape and wearing qualities between Michelins and all other makes.
